PROFESSIONAL PROFILE

A results-oriented Software Engineer with over two years of experience in full-stack development, recently graduated with an MSc in Artificial Intelligence at Cardiff University with Merit, seeking to apply expertise in the field of Artificial Intelligence and building innovative and secure web applications and in a challenging software engineering role.

SKILLS

Web Development: HTML, CSS, JavaScript, Bootstrap, Angular, Next.js, React, .NET Framework, PHP, SQL and MongoDB

Programming Languages: Python, C#, Java (For Android Application Development)

Automation: Camunda, JAMS, Power Automate, Firebase Automation Tester, n8n and Selenium

Applications and IDEs: Visual Studio Code, Visual Studio, Bootstrap Studio, Jira, Wix, Android Studio, Canva, G-Suite, Microsoft Office, Microsoft Azure Services, Kubernetes, Google Firebase.

AI Tools: Cursor, GitHub Co-Pilot, V0.dev, Warp, Gemini, Claude, Grok, Notion AI (For Documentation).

Achievements: Secured **second Runner up Place in the Cardiff University AI Hackathon** conducted in collaboration with **AMPLYFI**, demonstrating rapid prototyping abilities and collaborative innovation in Artificial Intelligence.

Technical Instruction & Mentorship: Designed and delivered supplementary weekend workshops for junior peers and colleagues, covering **Python, QA Testing, and Generative AI tools**, directly enhancing the technical proficiency of attendees.

PROJECTS

- **Sanjana**: A work in-progress AI Assistant that works cross-platform.
  - **Technology Used**: Python, SQL, Ollama, Claude and PyCharm
- **Say Cymraeg**: A web application to help people learn Welsh Language with support of AI. It is an easy-to-use Web application for all ages with an AI assistant that can cater to the needs of the learner to make sure that they are able to learn in their own pace.
  - **Technology Used**: Next JS, Ollama, HTML, Bootstrap, Google Firebase and Google Firestore
- **Rakshantara**: A cross-platform digital journaling app that allows you to maintain journals and publish entries, with AI integration. It has sections where people can write blogs to be published while maintaining a personal journal and a dream journal.
  - **Technology Used**: Next JS, Gemini API, HTML, Bootstrap, Google Firebase and Google Firestore
- **Agro-Fresh Organics**: An easy-to-use e-commerce website for farmers to sell Produce and For Wholesalers and public to buy farm fresh commodities directly.
  - **Technology Used**: HTML, CSS, JavaScript, Bootstrap, PHP and MySQL

EXPERIENCE

BrandMuscle India Pvt Ltd (Acquired by Ansira in 2024), Bengaluru, India *April 2022 – June 2024*

Software Engineer (Full-Stack Developer)

- Managed and optimized database operations (MongoDB) and developed console applications for efficient data retrieval and reporting, supporting robust backend infrastructure thereby reducing the time taken to generate reports by 80% and reducing the human effort to just 10%.
- Developed and implemented automation workflows using Power Automate and Azure Data Factory to streamline data fetching and reporting, contributing to efficient cloud operations.
- Enhanced application security by resolving 50+ critical vulnerabilities flagged by SonarQube and Snyk, leading to a 100% compliance score and preventing potential security breaches by over 20% in the overall application.
- Designed, tested, and automated complex workflows using Camunda and JAMS, ensuring reliable and scheduled execution of critical business processes.
- Led significant application upgrades, including Formio, Angular, and .NET frameworks, contributing to improved application performance and maintainability within a cloud-native context.
- Spearheaded the integration of GitHub Copilot across the development team, conducting training sessions for 15 engineers that contributed to an estimated 10% increase in coding efficiency and increasing AI understanding and utilisation in the organisation by 60%.

EDUCATION

CARDIFF UNIVERSITY (PRIFSYGOL CAERDYDD)
Master of Science Artificial Intelligence (Graduated) *September 2024 – September 2025*

RAJEEV INSTITUTE OF TECHNOLOGY, HASSAN
(*Affiliated To Visvesvaraya Technological University*) *June 2018 – August 2022*
Bachelor of Engineering, Information Science and Engineering

RIGHT TO WORK

Citizen of India.

Holding right to work in UK with PSW Visa valid for 2 years.
